

IPro System – Recommended Cameras List

Recommended Cameras with Audio support

Manufacturer	Model Number	Notes
Axis Communications	M1054	1 megapixel, embedded mic
Axis Communications	P3304	Subject to discontinuation by Axis . Recommended Replacement: P3384-V
Axis Communications	P3384-V	1 megapixel, fixed dome, audio support

Recommended Cameras without Audio support

Manufacturer	Model Number	Notes
Axis Communications	P3214-V	1.3 megapixel

Not recommended:

The Axis Communications P3364 series cameras will work with IPro systems, but are not recommended because the camera firmware does not allow for full audio gain control.
